## CEILING RECESSED

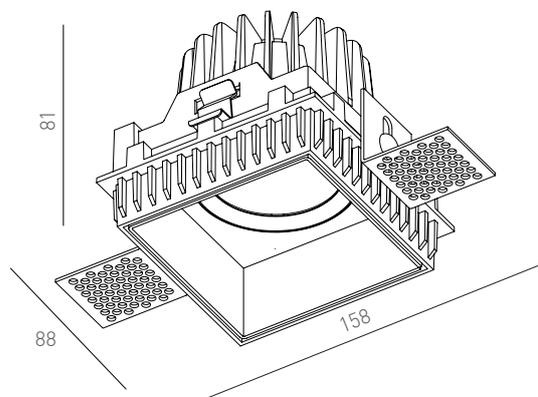

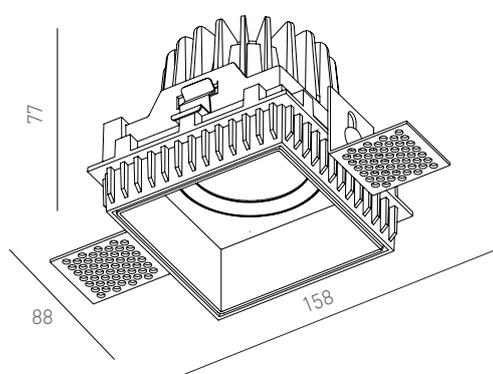

One of the lighting trends is the trimless downlights, aluminium light fittings without trims, easy to install and perfect to recess in false ceilings. Brilumen introduces Eridane, a square and indented downlight, suitable for ambient lighting of any room that requires discrete luminaires which do not change the ceiling aesthetics, but at the same time are modern with advanced technology, and effectively illuminate the entire environment. Eridane is available on ON-OFF and dimmable 0-10V mode, is compatible with the DALI system and has a high colour rendering index as well as an excellent textured white finish.

Uma das tendências da iluminação são os downlights trimless, luminárias em alumínio sem aros, de fácil instalação e ideais para encastrar em tetos falsos. A Brilumen apresenta o Eridane, um downlight quadrado recuado, que é indicado para iluminação ambiente de qualquer local que exija luminárias discretas e que não alterem a estética do teto, mas que ao mesmo tempo sejam modernas, com tecnologia avançada e iluminem de forma eficaz toda o meio envolvente. O Eridane está disponível em modo ON-OFF e dimável 0-10V, é compatível com o sistema DALI, possui um índice de reprodução cromática elevado e tem um excelente acabamento na cor branca texturada.
