

DESCRIPTION

The Outdoor Lighting range developed by Brilumen is essentially based on differentiated, high-quality products with high IP ratings, and the floor lighting is no exception. To perfectly conclude the outdoor lighting of your balcony or garden, the inground and decks light choice – Lunen, Orion & Bennet – with IP67, will bring harmony to these places. NOTE: Orion and Bennett have 3 Volts, requiring an external drive to connect the luminaires to 230 Volts, as well as a waterproof box to preserve the products' IP rating.
