

DESCRIPTION

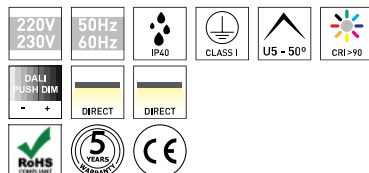

Technical lighting is increasingly considered when designing spaces and the purpose for which they are intended, because each place has its own specificity and lighting needs.

The Wall Washer from the ORIS 50 range, with adapter for 230V universal track, was developed precisely to respond to one of these shortcomings, that of sweeping the wall with uniform and efficient light to highlight the products exhibited there.

POWER SUPPLY 220-230V / 50-60 Hz
