

DESCRIPTION

This downlight has a textured white or black finish, that reveals its excellent quality and solidness through touch, like if it was sculpted by the famous Auguste Rodin himself. Due to its LED chip having a CRI higher 90, the light emitted shows the true colour of the objects. The 5-year Warranty makes Rodin a long-term investment and depending on its colour temperature and beam angle, its lumens may vary according to the table next to the product code.
